PUMP MOTOR HORSEPOWER REDUCTION REQUIREMENTS

To qualify, horsepower reduction projects must consist of both re-nozzling the existing irrigation system and reducing the well pump motor horsepower.

1. Must replace all the nozzles on the entire system.
2. Must install nozzles that require at least 10% less horsepower at the well pump than the original nozzle package.
3. Must replace pump motor and reduce motor horsepower by 10% or more.
4. Well pump must be electrically powered, with energy provided by a participating electricity provider.
5. Incentive will not exceed 30% of project cost. Project cost to include materials and labor to install new nozzle package and new motor.

PROGRAM INFORMATION AND REQUIREMENTS

INCENTIVES

Cash incentives are limited to \$250,000 per project and \$500,000 per customer per calendar year for all Focus on Energy rewards (prescriptive and custom). Payments are usually made within 8-10 weeks from the date that all completed paperwork is received. Depending on your business tax classification, you may receive IRS Form 1099 for incentives totaling over \$600 in a calendar year.

PRESCRIPTIVE INCENTIVES

Any project with an expected reward exceeding \$25,000 must receive written approval BEFORE project initiation or equipment purchase. Check the Focus on Energy Web site at focusonenergy.com/incentives/business or call 800.762.7077 for more information.

CUSTOM INCENTIVES

If your project does not fit the descriptions on this prescriptive incentive application form, it may qualify for a custom incentive which requires approval prior to project initiation and ordering equipment or issuing purchase orders. Direct inquiries to 800.762.7077 or visit focusonenergy.com/incentives/business.

TERMS AND CONDITIONS

- Incentive Offer:** This application covers products installed and services performed between July 1, 2011 and March 31, 2012. Applications must be postmarked within 45 calendar days of project installation **but no later than March 31, 2012** unless an earlier date is specified by a Focus on Energy promotion. Applications received beyond the 45 days or after March 31, 2012 will not be accepted. Please keep a copy for your records. Incomplete applications will be returned.
- Proof of Purchase:** This application must have complete information and be submitted with an invoice itemizing the product(s) and/or services(s) received. Purchase orders, proposals and quotes are not considered proof of purchase. See the requirements section of this application for more details. Sample invoices can be found at focusonenergy.com/sampleinvoice.
- Compliance:**
 - All projects are expected to comply with federal, state and local codes.
 - All equipment must be new. Used or rebuilt equipment is not eligible for rewards with pre-approval. Leased equipment must receive pre-approval BEFORE project initiation or entering into the equipment lease. Replaced equipment must be removed and not reused elsewhere.
 - Equipment must meet specification requirements and be purchased and operating prior to submitting a reward application form.
 - The customer is required to maintain accurate records of the project work including but not limited to installation records, invoices and maintenance information for a period of two (2) years from the date the incentive was paid. Focus on Energy reserves the right to inspect such project records for a period of two (2) years from the date of the incentive being paid.
- Payment:** Focus on Energy reserves the right to a full recovery of any incentive payments if Focus determines that the customer has misrepresented information on the project or is ineligible. Should the customer or its representative apply for and receive duplicate payment, Focus reserves the right to recover payments made in excess of the entitled incentive.
- Publicity:** Focus on Energy reserves the right to publicize customer's participation in this program, unless specifically requested otherwise in writing. Requests should be e-mailed to bpforms@focusonenergy.com. Customers or trade allies may not use the Focus on Energy name or logo in any marketing, advertising or promotional materials without prior written permission. When referencing Focus involvement with a project, customers shall collaborate with Focus marketing staff to prepare any press release and to plan for any news conference and agrees to provide Focus, for its prior written approval, a written copy of any advertisements or promotional material regarding this program prior to publishing any such advertisements or promotional material. Focus reserves the right to deny use of the Focus on Energy name and logo.
- Program Discretion:** Incentives are available on a first-come, first-served basis. This offer is subject to change or termination without notice at the discretion of the Focus on Energy Program. Some Focus participating electric and/or natural gas providers have incentive programs outside of Focus on Energy. Customers of these providers might not qualify for incentives from both programs. These customers should check with their electric and/or natural gas provider to verify eligibility for dual incentives in order to comply with program rules.
- Internal Labor:** Focus on Energy excludes internal labor (i.e. non-contracted labor) for private companies or individuals when calculating total project costs.
- Disclaimers:** Focus on Energy, the program administrator, the State of Wisconsin, and participating utilities:
 - Do not endorse any particular ally, manufacturer, product, or system design by offering this program;
 - Will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - Make no representation or warranty, and assume no liability with respect to the quality, safety, performance, or other aspect of any design, consulting, product, system, equipment, or appliance installed or received and expressly disclaim any such representations, warranties, and liability, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. Please contact your trade ally for detailed manufacturer equipment warranties.
 - Do not guarantee that installation and operation of energy-efficient equipment will result in reduced usage or in cost savings.
 - Is not responsible for the proper disposal/recycling of any waste generated as a result of this project; and
 - Is not liable for any damages, including any incidental or consequential damages, arising out of the operation or malfunction of the products, equipment or appliances, or the installation thereof.
- Monitoring and Verification:** Focus on Energy evaluates program efficacy by monitoring energy use/production prior to and after installation of your energy efficiency or renewable energy project. Program staff may conduct this monitoring or perform an inspection of the facility to survey the installed projects for a period of two (2) years from the date of the incentive being paid. Your signature on this application provides Focus on Energy approval to obtain energy data directly from your electric and/or natural gas provider(s). Any customer receiving an incentive may be contacted by an evaluator to verify service/equipment installation or be asked to complete a customer survey.
- Indemnification:** Signatory(ies) and applicant(s) shall indemnify the Focus on Energy program, its administrator, the State of Wisconsin, and participating utilities, their respective affiliates, subsidiaries, parent companies, officers, directors, agents, and employees against all losses, damages, expenses, fees, costs and liability rising from any design, consulting, product, system, equipment, or appliance.
- Utility Eligibility:** Customers who are served by a participating electric provider but not a participating natural gas provider will only qualify for incentives for electric technologies. Customers who are served by a participating natural gas provider but not a participating electric provider will only qualify for incentives for natural gas technologies. Customers who have both a qualifying electric provider and a qualifying natural gas provider will qualify for incentives on both electric and natural gas technologies. Customers who use propane or other non-qualifying fuels will not qualify for incentives for any gas technologies.
- Misrepresentation:** Making false statements on any Focus on Energy incentive application is punishable by law. Any person who knowingly files an application containing any materially false information or who purposely and misleadingly conceals information commits a fraudulent act that subjects such person to criminal and civil penalties. Any and all funds determined to have been acquired on the basis of fraudulent information must be returned to the Focus on Energy program. This section shall not limit other remedies that may be available for the filing of false or fraudulent applications, including, but not limited to, referral to law enforcement authorities.

TRADE ALLY INFORMATION

A trade ally represents the company who provided/installed the equipment for a project or performed the service for which a customer is seeking an incentive. Program allies are trade allies who have signed an agreement with Focus on Energy which allows them to enjoy certain program benefits, one of which is to receive direct payment of incentives at your request. Incentives can only be paid directly to an ally if they have completed and submitted a Program Ally Application.

The FEIN and Business Classification of the trade ally is required IF you received your incentive as a credit on your invoice, whereby the incentive is paid directly to the program ally. In this scenario, the credit must be clearly labeled as the Focus on Energy incentive and deducted from the amount due.

If your project was completed by more than one trade ally (example, equipment was purchased from one trade ally but installed by another trade ally) and the incentive is being paid to you the customer, please enter the information of the trade ally who installed your equipment in Section 4: Trade Ally Information. If the equipment was self-installed, please enter the information of the trade ally from whom you purchased the equipment.

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Its efforts to help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas.
