TRADE ALLY INFORMATION

A trade ally represents the company who provided/installed the equipment for a project or performed the service for which a customer is seeking an incentive. Program allies are trade allies who have signed an agreement with Focus on Energy which allows them to enjoy certain program benefits, one of which is to receive direct payment of incentives at your request. Incentives can only be paid directly to an ally if they have completed and submitted a Program Ally Application.

The FEIN and Business Classification of the trade ally is required IF you received your incentive as a credit on your invoice, whereby the incentive is paid directly to the program ally. In this scenario, the credit must be clearly labeled as the Focus on Energy incentive and deducted from the amount due.

If your project was completed by more than one trade ally (example, equipment was purchased from one trade ally but installed by another trade ally) and the incentive is being paid to you the customer, please enter the information of the trade ally who installed your equipment in Section 4: Trade Ally Information. If the equipment was self-installed, please enter the information of the trade ally from whom you purchased the equipment.
