Other custom financial incentive requirements:

- Custom incentives will not be provided for projects falling under a 1.5 year payback without special approval
- Based on project type, technology and situation, projects may be limited to a ten year payback.
- Custom incentives are provided to cover no more than 30 percent of a project's cost without special approval
- The maximum incentive for a custom project is \$250,000
- The maximum incentive an individual customer may receive per year is \$500,000
- Customers must work with a Focus on Energy Advisor prior to project initiation (ordering equipment) to apply for custom incentives. Grant approval will be contingent upon receipt of necessary documentation, such as energy savings calculations and an indication that funds are needed to get the project implemented.
