

CUSTOM INCENTIVE PROJECT INFORMATION FORM AGRICULTURE AND RURAL BUSINESSES

OFFICE USE ONLY
PROJECT ID: _____

SECTION 1: INCENTIVE INFORMATION

Custom incentives are available for projects that do not fit the description of our standard application forms. These projects are calculated on a case-by-case basis for non-standard technologies and projects. For custom incentives, customers must work with a Focus on Energy advisor to obtain approval prior to making a purchase decision to determine if their project would qualify for a Focus on Energy incentive. Incentives are available to help implement projects that otherwise would not be completed, or to complete projects sooner than scheduled. If applying for standard incentives, visit our Web site at focusonenergy.com/incentives/business and follow directions on the appropriate form.

SECTION 2: APPLICATION REQUIREMENTS

The purpose of this form is to assign pending projects to a Focus on Energy advisor and determine if the project is eligible for a custom incentive. Funding provided through custom incentives is contingent on the following requirements and procedures:

- You **MUST** receive pre-approval from Focus on Energy prior to beginning any custom projects, including ordering equipment.
- Payment information, including Federal Tax ID is required. Focus on Energy cannot award financial incentives without this information.
- Custom incentives will not be provided for projects falling under a 1.5 year payback without special approval.
- Based on project type, technology and situation, projects may be limited to a ten-year payback.
- Custom incentives cannot exceed 30 percent of a project's cost without special approval.
- The maximum incentive for a custom project is \$250,000.
- The total maximum incentive an individual customer may receive is \$500,000 per calendar year.
- Grant approval will be contingent upon receiving the necessary documentation, such as energy savings calculations and an indication that funds are needed to get the project implemented.
- For more information visit our Web site at focusonenergy.com/customincentives
