UTILITY ELIGIBILITY

Incentives for specific technologies are offered by Focus on Energy to business customers including commercial, industrial, state, federal and local governments, agricultural, and schools/institutions with locations in Wisconsin. Customers of a participating electric provider are eligible for electric technology incentives only. Customers of natural gas providers are eligible for gas savings technology incentives only. Customers who have both a participating electric provider and a participating natural gas provider could qualify for all incentives. To determine eligibility, visit the Focus on Energy Web site at focusonenergy.com/utilities.

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas.

TERMS & CONDITIONS

1. Disclaimers: Focus on Energy:
 - a. Does not endorse any particular market provider, manufacturer, product, labor or system design by offering these programs;
 - b. Will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c. Does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);
 - d. Is not responsible for the proper disposal/recycling of any waste generated as a result of this project; and,
 - e. Is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.
2. Focus on Energy reserves the right to publicize your participation in this program, unless you specifically request otherwise.
3. Customers or allies may not use the Focus on Energy name or logo in any marketing, advertising or promotional material without prior written permission.
4. Focus on Energy reserves the right to change or discontinue this program at any time. The acceptance of program applications is determined solely by Focus on Energy.
5. All projects are expected to comply with federal, state and local codes.
6. To qualify for the whole building track, projects should be in early to mid-design, greater than 10,000 sq. ft. and be considering energy efficiency improvements that can not be handled by the prescriptive new construction incentive form.
7. Equipment/Systems included in whole building track incentives are not eligible for incentives listed on the New Construction Incentive Application.
8. This application is for collecting project information only and does not guarantee or reserve a specific incentive amount for the project. Upon review of the project Focus on Energy and providing eligibility criteria are met, a grant agreement will be issued that details the incentive for the project.
