CUSTOM INCENTIVES

If your project does not fit the descriptions on the incentive application form, it may qualify for a custom incentive which requires prior approval from Focus on Energy. Direct inquiries to 800.762.7077 then #2 for Business Programs.

TERMS & CONDITIONS

- Incentive Offer:** This application covers products purchased and installed between January 1, 2009 and June 30, 2009. Applications must be **submitted within 30 calendar days of project installation** and no later than July 31, 2009. Please keep a copy for your records. Incomplete applications will be returned.
- Proof of Purchase:** This application must have complete information and be submitted with an invoice itemizing the **new equipment** purchased. The invoice must indicate date of purchase, the size, type, make, model, serial number, part number and/or equipment manufacturer (OEM) specification sheets. The signed application and invoices for materials and labor must be sent to Focus on Energy, Business Programs Incentives, 431 Charmany Drive, Madison, WI 53719.
- Compliance:**
 - All projects are expected to comply with federal, state and local codes.
 - All equipment must be new (with the exception of surveys, audits and service buydowns). Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed.
 - Equipment must meet specification requirements and be purchased and operating prior to submitting an incentive application form.
 - Only one incentive will be granted for each project. Incentives granted to contractors, distributors or other market providers cannot also be claimed by end-use customers.
- Payment:** Once completed paperwork is submitted, incentive payments are made within 6–8 weeks. Incomplete applications will be returned.
- Inspection:** Program staff may conduct an inspection of the facility to survey the installed projects.
- Publicity:** Focus on Energy reserves the right to publicize your participation in this program, unless you specifically request otherwise.
- Program Discretion:** Incentives are available on a first-come, first-served basis. This offer is subject to change or termination without notice at the discretion of the Focus on Energy Program.
- Focus Logo:** Customers or market providers may not use the Focus on Energy name or logo in any marketing, advertising or promotional materials without prior written permission.
- Disclaimers:** Focus on Energy
 - Does not endorse any particular market provider, manufacturer, product, labor or system design by offering this program;
 - Will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - Does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);
 - Is not responsible for the proper disposal/recycling of any waste generated as a result of this project; and
 - Is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.
- Verification:** Any customer receiving an incentive check may be contacted by an evaluator to verify service/equipment installation or be asked to complete a customer survey.

UTILITY ELIGIBILITY

Incentives for specific technologies are offered by Focus on Energy to business customers including commercial, industrial, state, federal and local governments, agricultural, and schools/institutions with locations in Wisconsin. Customers of a participating electric provider are eligible for electric technology incentives only. Customers of natural gas providers are eligible for gas savings technology incentives only. Customers who have both a participating electric provider and a participating natural gas provider could qualify for all incentives. To determine eligibility, visit the Focus on Energy Web site at focusonenergy.com/utilities.

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas.
