

**The Focus on Energy  
Environmental Research Program  
PROPOSALS FUNDED IN FISCAL YEAR 2005 -- 2006**

1. **The Impact of Sustainable Forest Management on Long-Term Biomass Production and Forest Health: The state of the science**  
\$45,000 (1-year project; funding for duration of project)  
Susan Tikalsky, Principal Investigator  
Resource Strategies, Inc., Madison, WI
2. **Modeling the Effects of Forest Management Decisions on Carbon Sequestration**  
\$109,026 (1-year project; funding for duration of project)  
Stith T. Gower, Professor  
Department of Forest Ecology and Management  
University of Wisconsin -- Madison
