Wisconsin ENERGY STAR® Homes Program: Consultant Contact List

MADISON, Wis. — Independent consultants working with the Wisconsin ENERGY STAR Homes Program help builders by testing their homes, proving them to be more comfortable and energy efficient. As a result, homeowners get the peace of mind knowing their new homes are draft free and that they are protected from rising energy costs.

To learn more about the Wisconsin ENERGY STAR Homes Program, builders and consumers should contact a consultant in their area. Below is a list of consultants and the areas they serve.
