**CALENDAR LISTING: Webinar on Sustainable Energy
for Green Communities**

- Webinar focuses on creating a sustainable energy plan for Wisconsin communities -

WHAT: Focus on Energy, Wisconsin's energy efficiency and renewable energy initiative, is proud to sponsor a Webinar on **Thursday, Oct. 2, 2008** titled **Sustainable Energy for Green Communities**.

The Webinar is designed for individuals who envision a greener future for their communities. Participants will be presented an overview on how to create a community energy plan with energy sustainability as a key component. This plan focuses on areas such as carbon emissions and environmental quality, energy efficiency strategies to apply at the community level and a discussion on renewable resources such as solar, biomass and wind energy.

Participants will also learn how Focus on Energy can assist communities in implementing energy efficiency and renewable energy projects. In addition, other community energy resources will be presented from the University of Wisconsin Extension Service, and the Wisconsin Office of Energy Independence through its Energy Independent Communities Program.

WHEN: **Thursday, Oct. 2, 2008**
12 p.m. to 1:30 p.m.

REGISTRATION and

COST: Those interested in participating in the **Sustainable Energy for Green Communities** Webinar can register online at www.ecw.org/sustenergy. The cost is \$29.00.

WHO SHOULD PARTICIPATE:

Local government officials and planners, private planning consultants, plan commissioners, and other professionals and volunteers involved in sustainable community planning issues.
(1.25 AICP Certification Maintenance credits, AICP approval pending)

About Focus on Energy

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not be completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. For more information call (800) 762-7077 or visit focusonenergy.com.
