

Pre-Qualified Equipment

Efficient Heating & Cooling

These sheets contain lists of equipment that have been pre-qualified for the Efficient Heating & Cooling Cash-Back Rewards. It is a participating contractor's responsibility to ensure that the equipment installed is qualified to receive a Cash-Back Reward or Financial Incentive. The Program cannot and will not pay for non-qualified equipment for any reason. If a furnace, boiler or energy recovery ventilator model you plan to sell is not on the pre-qualified list but meets eligibility criteria, you should complete and submit an Equipment Qualification Form. A current Pre-Qualified Equipment list can be found at all times on the Web site (focusonenergy.com/hvac).
