

To Enable JavaScript

In Internet Explorer:

1. Go to the Tools menu
2. Internet options
3. Click on Security tab
4. Select Internet zone
5. Click on the Custom level button
6. Under Scripting , Active scripting set flag to Enable.

If you don't have permissions to modify Internet zone settings then add the web site to the trusted sites by clicking on Trusted sites zone.

In Mozilla:

1. Go to Tools menu
2. Options
3. Click on Content tab
4. Check enable JavaScript checkbox.
