

Market Provider Agreement

Wisconsin ENERGY STAR® Homes Builder

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. Wisconsin Energy Conservation Corporation (WECC) administers the Focus on Energy program and as part of Focus on Energy WECC may enter into collaborative agreements with businesses (referred to as Market Providers) to promote energy efficiency and/or renewable energy. Market Providers are businesses who deliver goods and/or services related to energy efficiency and/or renewable energy.

The purpose of this agreement is to set forth the terms and conditions under which the undersigned may be considered a Market Provider authorized by Focus on Energy to deliver Focus on Energy services to consumers and the benefits to the undersigned of such designation.
