Please check the box for the type of certification that you're seeking:

NABCEP Solar Electric Installer Certification NABCEP Solar Thermal Installer Certification

Focus on Energy may grant one scholarship per installer in the amount of 50% off the cost of the application fee and cost to sit for the certification exam (one time). You are eligible for this scholarship upon passing the NABCEP exam. In order to receive your reimbursement, you must submit:

- This completed application
- Your receipt(s) showing proof of payment of the application fee and exam fee
- Proof of NABCEP certification (ie. copy of the certificate or notification letter)

I understand that in order to receive a scholarship from the Focus on Energy Renewable Energy Program, I must own or be employed by a business or nonprofit that purchases electricity or natural gas from a provider participating in the Focus on Energy Program. Visit focusonenergy.com/utilities for a complete list of participating providers.
